DESCRIPTION OF AREA SURROUNDING PROPERTY (Residential, commercial, undeveloped, etc.) _____

THIS APPLICATION MUST BE ACCOMPANIED WITH THE FOLLOWING:

1. A Site Plan showing existing topography and proposed final grading and location of all proposed structures and septic.
2. Total amount (total cubic yards) of fill materials to be provided.
3. Filling in a portion of a property or regrading property may result in surface water and/or ground waters being redirected off site. What affect will this earth deposition project have on the abutting properties relative to storm water runoff? Please explain.
4. Erosion and control narrative describing how erosion and sedimentation controls will be installed and maintained throughout construction project.
5. An application fee in the amount of \$25.00 plus an additional \$30.00 State of Connecticut fee per CGS 22a-27j. If by check, both checks payable to the "Town of Prospect".

**For additional information please refer to the Town of Prospect Zoning Regulations, "Section 4.11 Earth Excavation, Deposition and Regrading Activities".
(The Regulations are available for review at TownofProspect.com, Land Use Office.)**
